The last few years have been filled with questions and doubts about our elections. These doubts have been amplified by misinformation, and the result has been a growing loss of trust in one of the most fundamental aspects of our democracy: the right to vote.

Please join us for a webinar hosted by veterans for veterans to learn more about how elections in Wisconsin are run. You'll hear directly from election administrators and can ask them any question you have on everything from absentee ballots and voter registration to fraud prevention.

BRING YOUR QUESTIONS ON

Absentee ballots • Voter registration • Fraud prevention • How ballots are counted

This webinar is presented in conjunction with the **Pillars of the Community** program, which engages politically diverse civic leaders to examine the integrity of the electoral process. Several Wisconsin veteran leaders have joined the effort.
